

Parents Workshop
Wednesday 1st November
6.30-8.00pm

A relaxing, fun, hands-on information evening, with a glass of wine and a chance to sample 'tasters' from our school kitchen.

Once again our workshops are based around themes which will allow you to really support your child's learning at home.

2 workshops are available, covering core themes in reading and maths. Each workshop will cover the range of age groups and will be repeated to allow parents to attend both.

- Supporting reading at home—developing fluency, inference and reading for understanding
- How to support your child at home with fluency in maths, using SMIRFs, MyMaths, etc; including practical ideas to develop early mathematical skills

Please do come along and join in our fun, interactive sessions. Refreshments will be served in the hall throughout the evening and staff will be present for informal general discussions and to help with your queries.

Please let us know if you can attend!

Parents Workshop Wednesday 1st November

In order that we can prepare and cater effectively, please let us know if you will be attending the reading workshops.

We will/will not be attending the workshop sessions.

Number of adults attending each session:
